July 6, 2017

Dear Parents,

All sixth grade students are required to have **all** age appropriate immunizations **prior** to the start of their sixth grade school year. In addition, all students entering sixth grade must have the following immunizations required by the New Jersey Department of Health for all children, entering sixth grade or ages 11 years and older.

One dose of Meningococcal Conjugate Vaccine

One dose of Tdap

Any child that has not turned 11 and is entering 6th grade, **must** receive the **mandatory** immunizations within two weeks of their 11th birthday. **No scheduled doctor appointment will be acceptable.**

Office staff members are available at the William Davies Middle School throughout the summer months to receive this information. Feel free to drop it off at the William Davies Middle School Main Office prior to the start of the 2017-2018 school year. You may also fax a copy of your child's immunization record to the attention of the William Davies School Nurses at (609) 476-6248.

PLEASE NOTE: Failure to fulfill this New Jersey Department of Health requirement by providing proper documentation will result in your child being excluded from school starting with the opening day in September, until all proper documentation is received.

If you have any questions, please feel free to contact us at the William Davies Middle School at (609) 476-6241.

Respectfully,

Tracy Torres, RN, CSN
William Davies School Nurse
